Lippert commented that there has been no comment, phone call, or written correspondence regarding the extension.</p> <p>John Noble, son of Bernie Noble of 12195 Oakwood Shores, commented that last year the channel was not sprayed (wasn't posted). Noble commented that this year the applicators came down the channel until about 600 to 700 ft. from the end of the channel. The channel is the only access to the lake for this address and the resident's boat will be useless with more weed growth.</p> <p>Roger Nyboer, neighbor of Bernie Noble, commented that he backs up what John Noble said. R. Nyboer commented that his portion of the channel wasn't sprayed, and was told that they'd be sprayed earlier. Nyboer commented that the whole channel needs to be sprayed, not just the first part.</p>	<p>Motion to open the public hearing. 6:46 p.m.</p> <p>PURPOSE OF MEETING</p> <p>Public Hearing notice read by J. Al Schwennensen, 12285 of Oakwood Shores, commented that he and Tony Groves have done inspections for the last ten years. The applications are just being put down where the Eurasian Milfoil is found.

Tony Groves, Administrator of Weed Control Program, identified a sample of the weed growing near Mr. Noble's water frontage. The sample was very similar to milfoil, but was bladderwort instead. Discussion took place regarding the two similar plants. Purple loosestrife was mentioned as well. Al Schwennesen invited those in attendance tonight to observe a weed poster he has in his garage.

Posting of signage for spraying notice was discussed.
