Outbuilding (if checked, Accessory Building Acknowledgement must be signed)

CONDITIONS OF APPROVAL

1. Must not divert, concentrate, or increase the velocity of the natural surface water.

2. Your project could be affected by plat or deed restrictions or by condominium or homeowners association bylaws or agreements. Check before submitting a Site Plan Review Application. It is your responsibility to make sure that you are in compliance with any of these restrictions or covenants. An approved Zoning Permit does not indicate conformity or approval of any of these property owners' obligations.

3. The structure cannot encroach upon any easements for utilities, drainage, ingress/egress or other such easements. It is the responsibility of the applicant to verify the presence and location of any easements.

4. Fee must be submitted with application.

5.
