

The Board of Trustees of Yankee Springs Township along with the Park Committee are pleased to announce the improvements in our township park over the summer of 2025.

With the financial help of grants received from the Department of Natural Resources, Barry County Park & Recreation grant and funding from the Township budget we were able to: install fencing wings on the baseball back stop, repave our walking path, put down a cement pad that holds our 2 Port a Jons and 12 x 16 storage shed. The addition of 4 new pickleball courts along with fencing, windbreakers and benches was the biggest improvement. Then the reconfiguring of our basketball court to a full-size court and the resurfacing of our Tennis court, completed our projects.

There is an official “grand opening” scheduled on March 21, 2026.
