Other options are being investigated.

Motion by Heethuis with support from Knowles to approve Resolution #05-08-2025 B to rezone Whispering Pines Condominiums from a resort and recreation to Gun Lake Residential Lakefront. Discussion: Maybe the motion should reflect that it won't go into effect until July which gives time to get information out and process any applications. Motion by Heethuis to adopt an Ordinance to amend the YST zoning ordinance including the zoning map by rezoning certain common elements in the Whispering Pines condominium subdivision, (consisting of twenty condominium units) and open space located in the southwest fractional quarter of Section 30 T3N, R10W from Resort and Recreation District to Gun Lake Residential Lakefront District; to repeal all ordinances or parts of ordinances in conflict herewith and to establish the effective date of said ordinance. Motion dies for lack of support.

Discussion: Mr. Knowles believes it should reflect the start date for the ordinance to go into effect and suggests to make it August 1st, allowing the owners to have time to apply for STR permits.

- Budget workshop will be June 18, 2025.
- Public Hearing and Final Adoption of Budget for 2025/2026 will be held on June 25, 2025.

PUBLIC COMMENT:

Mike Cunningham (Township resident) shared the following: "The township budget for 2025/2026 will be discussed in May and June and adopted on June 25. During last year's budget process, a motion was made to reduce the revenue raised by eliminating the 1% administration fee or by reducing the amount of the millage imposed to reduce revenue by a similar amount. This motion was made because the general fund balance has been steadily increasing and is much larger than needed to protect against any unplanned revenue losses or expenses. The board voted against this motion on a 4 to 1 vote. The only reason that I heard for not reducing the tax rate or eliminating the admin fee was that it did not amount to much money. As I recall most of the board members said it would be considered next year. It is now next year. The amount of money raised by the admin fee is between \$100,000 and \$200,000 per year. State law has allowed the township to collect the administration fee for at least a few decades. When I was first involved with the township the board opted not to impose the administration fee because taking additional money from the township tax payers was not needed. That changed about 10 years ago when the board opted to impose the fee. I did not see a reason for doing it then and I still do not see a reason for it. There are many years of steady increase in the general fund balance to prove that it is not needed. The balance was \$2,632,295 at the start of the current fiscal year (7/1/2024). The balance May 1, 2025 was \$2,935,380. That's about \$303,000 higher (11.5%) than last year. There are still two months remaining in this fiscal year but it seems clear that the township is taking more from the residents than is needed. Keep in mind that with the office renovation, new fire truck, park parking lot expansion, township spending has been high over the past 4 years or so and still the balance grows. So I am asking the board to not impose the admin fee for the next fiscal year or reduce the imposed millage by a similar amount. This is a one-year reduction and it can be adjusted any time that it needs to be adjusted so there is no real risk in it. I am confident that one year from now we will not see any negative impact of this reduction. Keep in mind this is government revenue, not personal or business revenue I am asking you to reduce. Not many people would voluntarily reduce their personal or business revenue but government revenue is different." (Time expired)

Starr Adams (property owner in Whispering Pines): She wanted to make sure that the Board is aware that by changing the zoning only 4 of the units will comply, out of 21. She is concerned that if one of the places burns down, or there is a tornado, they will not be able to rebuild because there will not be room going outward and cannot go upward. The places do not have footings; they are sitting on blocks. She would like to have the

PUBLIC COMMENT

Board at least consider adopting a new zoning that they actually comply with. They will never be able to comply with this zoning. It is for single family residences. They have a four plex and a duplex and all the smaller units are under 600 square feet and that's her main concern. If something happens to her property, how would she be able to rebuild it and be in compliance. She just wants the Board to know that she is not happy with this and there are others as well. There was a person who came forward in 2013 asking for the zoning to be changed to this and the township made the change but then took it back due to the wells not complying and that none of the smaller units complied with the zoning also. She thanked the board for listening.

Betsy Frigmanski (township resident): At the last meeting during the Board comment there was mention of putting some signage in front of this building or maybe a rock, something to look nice. She asked that if this is done, that they also look at how the flag is lit in the front of the building. Particularly in the winter, the way the spotlight is set up it gets covered with snow and the flag is not lit. If the flag is not taken down at night it should be lit and as a government office it should be properly lit.

BOARD COMMENT:

Hopkins: No comment.

Knowles: Too bad that Deb is not here, I wanted to thank her for putting everything on social media. She really does the township justice with that. And thanks to Dave for everything on the fire board and the veteran's board. And thanks to Curly Cone for what they are doing for the Memorial. Can we make sure that Joe gets noticed to send out letters to the people at Whispering Pines?

VanHouten: Going back to the Veterans Committee because I got caught by surprise. The Women's Club will bake and donate cookies so that will be nice. Annie is going to sing the Star-Spangled Banner again. Deb Timmerman and the Gun Lake Business Club is donating \$500 to the Veterans Committee. There will probably be a donation of a couple of quilts also.

Heethuis: Joe will be back on Tuesday to take care of the letters. Tom has been a tremendous addition to the board and appreciate everything he has been doing. I compliment all the hard work.

ADJOURNMENT:
