# I. Introduction

This manual outline legal requirements and provides guidance to those interested in launching a statewide petition drive to initiate new legislation, amend or repeal existing laws, subject newly enacted laws to a referendum vote, amend the state constitution, or nominate a candidate for certain statewide partisan offices. This manual reflects changes to the petition sampling process approved by the Board of State Canvassers on October 20, 2023. There are new filing deadlines and requirements in effect for the 2024 election cycle, which will be found in Appendix I. This manual also highlights best practices which, although not legally required, will minimize the risk that an error could disqualify the petition.

Candidate ballot access and the statewide ballot proposal petitioning process are governed by the Michigan Election Law and overseen by the Secretary of State and Board of State Canvassers. Once a petition is filed with the Secretary of State, signatures are subjected to a verification process and the Board of State Canvassers determines whether the petition contains enough valid signatures to qualify for placement on the ballot.

Changes in this publication from 2022 include:

- The combination of ballot question and partisan candidate nominating petition for state and federal office instructions (previously separate manuals) into this this manual.
- Revisions to the signature sampling process for ballot questions and certain candidate petitions.
- Updates in signature issue codes.
- Updated Bureau of Elections (BOE) contact information.

If you have any questions regarding this publication, contact the Michigan Department of State, Bureau of Elections, at (517) 335-3234 or MDOS-File-Canvass@Michigan.gov, or visit our website [www.Michigan.gov/Elections](http://www.Michigan.gov/Elections). Correspondence may be mailed, hand delivered, or sent via overnight delivery to the Richard H. Austin Building – 1st Floor, 430 West Allegan Street, Lansing, Michigan 48933.

**Note:** Statewide proposal sponsors and candidates for office are subject to the registration and reporting requirements of the Michigan Campaign Finance Act. For questions regarding the these obligations, please refer to the publication, Getting Started as a Ballot Question Committee or email MDOS-campaignfinance@michigan.gov.

## II. Overview

### A. 2024 Signature Requirements

The minimum numbers of valid signatures required for filing an initiative, referendum, or constitutional amendment petition are listed below. See [MCL 168.471](#); [1963 Const, art 2, § 9](#); [1963 Const, art 12, § 2](#).

BALLOT QUESTION TYPE	SIGNATURE REQUIREMENT
<b>Initiative to create new or amend existing legislation</b>	<b>356,958</b>
<b>Initiative to amend the State Constitution</b>	<b>446,198</b>
<b>Referendum on legislation</b>	<b>223,099</b>

The minimum number of valid signatures required for initiatives and referendums is based on the total number of votes cast for all candidates for Governor at the most recent gubernatorial election. Initiative, referendum and constitutional amendment petition sponsors may only submit all the signatures intended to be considered for filing once; supplemental signatures are not permitted to be filed after the initial submission. [MCL 168.475\(2\)](#).

The number of signatures of qualified and registered electors needed for nominating petitions is listed below. See [MCL 168.544f](#).

PARTISAN CANDIDATE	SIGNATURE REQUIREMENT
<b>Partisan Candidate - US Senator</b>	15,000-30,000
<b>Partisan Candidate - US Representative in Congress</b>	1,000-2,000
<b>Partisan Candidate - State Representative</b>	200-400

Nonpartisan candidates should reference the Bureau of Elections publication: PETITION MANUAL: STATEWIDE NON-PARTISAN NOMINATING PETITIONS.

***Best Practice: Petition sponsors are strongly encouraged to gather and submit a significant number of signatures in excess of the minimum number required, due to the likelihood that some***

*petition signer entries or whole petition sheets may be found invalid during the verification process.*

## **B. Consultations regarding form requirements**

As a service to those interested in launching an initiative, referendum or constitutional amendment petition drive, the Michigan Department of State's Bureau of Elections offers its staff for consultations on the various petition formatting requirements, provided that the petition sponsor intends to submit the petition to the Board of State Canvassers for approval as to form.

Please note that while staff consultations include a thorough review of whether the petition complies with the technical formatting requirements described below, the following features are *not* subject to staff review and are solely the responsibility of the petition sponsor: the substance of the proposal which appears on the petition, the substance of the summary of the proposal which appears on the signature side of the petition (except as noted below), whether the petition properly identifies provisions of the existing Constitution which may be altered or abrogated by a proposed constitutional amendment, and the manner in which the proposal language is affixed to the petition.

Note that under Michigan election law, if a statewide proposal petition does not comply with all the requirements of the Michigan Election Law, signatures submitted on the petition will be considered invalid and not counted. [MCL 168.482a\(4\)](#).

***Best Practice: Petition sponsors are urged to confer with their own legal counsel for advice regarding these aspects of their proposal prior to engaging in the consultation process.***

## **C. Mandatory pre-circulation petition filing requirement**

Proponents of initiative and constitutional amendment petitions are required to submit a copy of their petition (or amended petition) to the Secretary of State prior to circulating the petition. MCL 168.483a. This requirement applies to every petition to initiate legislation or amend the constitution, even if the sponsor does not intend to submit the petition to the Board of State Canvassers as part of the optional "approval as to form" process (described below). Please note, any changes made to the petition after the initial submission to the Secretary of State must be submitted as an amended petition.

Copies of each initiative, referendum and constitutional amendment petition submitted in accordance with MCL 168.483a will be posted on the Secretary of State's website, [www.Michigan.gov/Elections](http://www.Michigan.gov/Elections).

### *Filing instructions*

1. Submit 15 printer's proof copies of the petition. Materials must be sent to the Secretary of State in care of the Bureau of Elections, Richard H. Austin Building, 430 West Allegan Street, 1st Floor, Lansing, Michigan 48918. This address may be used for hand delivery, overnight delivery, or U.S. Mail.
2. Email an electronically generated .pdf of the petition to [MDOS-File-Canvass@Michigan.gov](mailto:MDOS-File-Canvass@Michigan.gov). In the subject line of the email message, please indicate, "483a – Petition Attached."

**Campaign Finance Requirements:** State level ballot question committees supporting or opposing a statewide ballot proposal must file a petition proposal campaign statement which is triggered upon the filing of the petition form under section 483a. MCL 169.234. The petition proposal campaign statement is due 35 days after the 483a filing.

***Best Practice: Petition sponsors should ask the printer of the petition to sign the attached Printer's Affidavit in the presence of a notary public and retain a copy as evidence of compliance with the type size and text requirements of the Michigan Election Law.***

## **D. Optional pre-circulation process for "approval of the content of the petition summary"**

The sponsor may submit the summary of the purpose of the petition to the Board of State Canvassers for approval of the content of the summary, using the procedure described in this section. MCL 168.482b. If the sponsor avails itself of this optional process, a summary of the proposal's purpose stated in not more than 100 words must be prepared by the Director of Elections; the summary will consist of a true and impartial statement in language that does not create prejudice for or against the proposal. MCL168.482b(2). The summary must also inform signers of the subject matter of the petition but need not be legally precise, and must use words having a common, everyday meaning to the general public. *Id.*

The summary prepared by the Director of Elections will be presented to the Board of State Canvassers at an open meeting; the Board must approve or reject the content of the summary *within 30 days of its submission* by the petition sponsor. MCL168.482b(1).

If the Board of State Canvassers approves the summary as prepared by the Director of Elections, the sponsor must print the full text of the approved summary in the heading of the petition and the Board will be barred from considering a subsequent challenge alleging that the summary is misleading or deceptive. *Id.*

Additionally, the Director of Elections and Board of State Canvassers are authorized to draft and approve *ballot language* that differs from the *petition summary* adopted under this procedure. Op Atty Gen No 7310 (May 22, 2019).

***Best Practice: Note that due to the legal requirement that the petition sponsor must print the approved petition summary in the heading of the petition and the possibility that the Director of Elections' proposed summary may be modified during the Board meeting, it may not be possible for the petition sponsor to simultaneously obtain "approval of the content of the petition summary" and "approval as to form" at the same Board meeting. Sponsors must plan accordingly.***

## **E. Optional pre-circulation "approval as to form" process**

Sponsors of petitions to initiate legislation, amend the constitution, or invoke the right of referendum are urged to submit a proof copy of the petition to the Board of State Canvassers for approval as to form prior to the circulation of the petition.

Upon determining through the staff consultation process that an initiative or referendum petition is properly formatted, it is submitted to the Board of State Canvassers for approval as to form. The Board's approval process does *not* include a review of the language of the proposed initiated law, constitutional amendment or referendum, the manner in which the proposal language is affixed to the petition, or consideration of whether the petition properly identifies provisions of the existing Constitution which may be altered or abrogated by a proposed constitutional amendment. Furthermore, the Board's approval as to form does *not* include a review of the substance of the summary of the proposal; this does not occur unless the sponsor

avails itself of the optional process for approving the content of the petition summary (described above).

Please note, staff consultations regarding compliance with the technical formatting requirements are only available to petition sponsors who intend to participate in this optional approval as to form process. The time it takes to complete the consultation process will vary depending on the type of petition and complexity of the proposal; sponsors should plan accordingly.

Further, any changes made to the petition after it has been approved as to form by the Board of State Canvassers must be submitted as an amended petition with a newly executed Printer's Affidavit.

***Best Practice: Although Michigan election law does not require the sponsor of a statewide proposal petition to seek pre-approval of the petition form, such approval greatly reduces the risk that signatures collected on the form will be ruled invalid due to formatting defects.***

### *Filing instructions:*

1. Complete and sign the attached PRINTER'S AFFIDAVIT in the presence of a notary public and attach 15 proof copies of the petition. Materials must be sent to the Board of State Canvassers in care of the Bureau of Elections, Richard H. Austin Building, 430 West Allegan Street, 1st Floor, Lansing, Michigan 48918. This address may be used for hand delivery, overnight delivery, or U.S. Mail.
2. Email a pdf of the petition to [mdos-file-canvass@Michigan.gov](mailto:mdos-file-canvass@Michigan.gov). In the subject line of the email message, please indicate, "BSC – Petition Attached."
3. File final proof copies of petition sheets to be circulated, reflecting all necessary changes identified through the staff consultation process, at least 48 hours prior to the Board of State Canvassers meeting at which the petition is scheduled to be considered. If the petition sponsor fails to timely file all the required materials, the petition will not be placed on the meeting agenda.

## **F. Circulation on a countywide form or city/township form**

Petitions proposing an initiated law, constitutional amendment or referendum of legislation may be circulated on a countywide or city/township form. Op Atty Gen No 7310 (May 22, 2019). (Note, Public Act 608's requirement that statewide proposal petitions be circulated on a congressional district form was found by the Court of Appeals to be unconstitutional. *Id.*)

***Best Practice: Petition sponsors are strongly encouraged to check the registration status, address, and city or township of registration of petition signers against the Qualified Voter File (QVF) prior to filing. Any petition signer entries found by the sponsor to be invalid may be crossed out prior to filing. Use a pen or pencil to cross out rather than a marker that may bleed through.***

***To obtain a copy of the QVF, follow the instructions on the Qualified Voter File Data Request Form.***

## **G. Circulation period**

Michigan election law states, "The signature on a petition that proposes an amendment to the constitution or to initiate legislation shall not be counted if the signature was made more than 180 days before the petition is filed with the office of the secretary of state." MCL 168.472a.

A referendum petition is not subject to the 180-day limitation of MCL 168.472a and can be circulated from the date the legislation is enacted into law until the filing deadline imposed under 1963 Const, art 2, § 9 (90 days following the final adjournment of the legislative session at which the law was enacted).

## **H. Law regarding non-resident petition circulators**

Michigan election law authorizes the sponsors of statewide ballot proposals to utilize petition circulators who are not Michigan residents, provided that the nonresident circulators agree to accept the jurisdiction of the State of Michigan and service of process upon the Secretary of State or her designated agent. A nonresident circulator must make a cross or check mark in the box provided on the petition sheet agreeing to these terms, "otherwise each signature on this petition sheet is invalid and the signatures

will not be counted by a filing official.” MCL 168.544c(1). The format of the circulator’s certificate is described in Section III below.

## **I. Invalidation of signatures if circulator provides false or fraudulent information**

Under MCL 168.482a(3), (5):

If the circulator of a petition under section 482 provides or uses a false address or provides any fraudulent information on the certificate of circulator, any signature obtained by that circulator on that petition is invalid and must not be counted.

\* \* \*

Any signature obtained on a petition under section 482 that was not signed in the circulator’s presence is invalid and must not be counted.

## **J. Prohibited conduct**

Under MCL 168.482e(1)-(2), it is a misdemeanor for an individual to sign a petition with a name other than his or her own; make a false statement in a certificate on a petition; sign a petition as a circulator if the individual did not circulate the petition; or sign a name as circulator with a name other than his or her own. Additionally, individuals are prohibited from signing a petition with multiple names. MCL 168.482e(3).

In addition, if an individual signs a petition in violation of the above, any signature by that individual on the petition is invalid and will not be counted. MCL 168.482e(4).

## **K. Filing, canvass and disposition of proposal**

### *Filing of petition*

Initiative, referendum and constitutional amendment petitions must be filed with the Secretary of State. MCL 168.471. Upon receipt of the filing, the Secretary of State must provide notice to the Board of State Canvassers immediately. MCL 168.475(1).

### *Canvass of petition*

“Upon receiving notification of the filing of the petitions, the Board of State Canvassers shall canvass the petitions to ascertain if the petitions have been signed by the requisite number of qualified and registered electors.” MCL 168.476(1).

# III. Ballot question petition format requirements

## A. Sheet size

The size of the petition sheet must be 8½ inches by 14 inches. MCL 168.482(1). The petition format must be arranged horizontally (i.e., in landscape layout) on the sheet.

If the full text of the constitutional amendment, legislative proposal or legislation being subjected to a referendum is too lengthy to be printed on the reverse side of the petition sheet, the language of the petition must be continued on a fold over extension on the same sheet of paper, like a map. This is frequently referred to as a “bedsheet petition.” The fold over extension must be attached to the sheet at all times from the time the petition is placed into circulation through the time of filing. With the extension folded down and the signature side facing up, the petition must measure 8 ½ inches by 14 inches in size

The following examples depict methods for folding maps and can be used as a guide for folding “bedsheet petitions” to comply with the legal-size paper requirement. The blank part of the map represents the signature side of the petition that will lie face-up after folding.

		
Bi-fold (17 x 14 sheet)	Trifold or Z-fold (25.5 x 14 sheet)	Multi-fold or Accordion fold (34 x 14 sheet)

## B. Circulator payment status checkbox

A check box must appear at the top of the petition sheet indicating whether the circulator of the petition is a paid signature gatherer or a volunteer signature gatherer. The statement must be printed in 12-point type on the signature side of the petition sheet. Recommended language is as follows:

The circulator of this petition is a (mark one):  paid signature gatherer  volunteer signature gatherer.

MCL 168.482(7).

### **C. Circulator compliance statement**

A circulator compliance statement must appear at the top of the petition sheet. The statement must be printed in 12-point type on the signature side of the petition sheet:

If the petition circulator does not comply with all of the requirements of the Michigan election law for petition circulators, any signature obtained by that petition circulator on that petition is invalid and will not be counted.

MCL 168.482(8).

### **D. Identification of petition type**

One of the following phrases must be printed in capital letters in 14-point boldface type in the heading of each part of the petition (which includes the signature side of the sheet and if applicable, the reverse side):

**INITIATIVE PETITION  
AMENDMENT TO THE CONSTITUTION  
or  
INITIATION OF LEGISLATION  
or  
REFERENDUM OF LEGISLATION  
PROPOSED BY INITIATIVE PETITION**

MCL 168.482(2).

### **E. Petition summary**

A summary of the purpose of the proposal must be printed in 12-point type following the identification of the petition type. MCL 168.482(3). This summary must describe the proposal's purpose and cannot exceed 100 words in length. *Id.*

If preparing a multi-page petition, reprint the summary of the proposal's purpose in 12-point type on the reverse side of the petition sheet, below the identification of petition type.

## F. Presentation of proposal

The full text of the proposal must be presented in 8-point type as described below. MCL 168.482(3).

1. **For a petition that fits on a single-sided 8½ by 14-inch page, print the full text of the proposal following the summary:** The full text of the proposed initiated law, constitutional amendment, or legislation to be referred must follow the summary and be printed in 8-point type. MCL 168.482(3). For multi-page petitions, see below.
2. **For a multi-page petition, add an instruction for signers to refer to reverse side:** For petitions that require two or more pages, signers must be instructed to refer to the reverse side for the full text of the proposal; this instruction is provided following the summary. The full text of the proposal may be presented in single or dual column format only. Examples include but are not limited to those shown below:

### INITIATIVE PETITION EXAMPLES

For the full text of [the law to be amended], see the reverse side of this petition.

*[Include the Public Act number, Michigan Compiled Laws citation and title of the law to be amended.]*

### CONSTITUTIONAL AMENDMENT PETITION EXAMPLES

For the full text of proposed [the constitutional provision to be created], see the reverse side of this petition.

*[Include the new article and section number for the section to be created.]*

For the full text of proposed [the constitutional provision to be amended], see the reverse side of this petition.

*[Include the article and section numbers of the provision to be amended.]*

The full text of the proposal appears on the reverse side of this petition, along with provisions of the existing constitution which would be altered or abrogated if the proposal is adopted.

## REFERENDUM PETITION EXAMPLES

For the full text of [the law to be referred], see the reverse side of this petition.

*[Include the Public Act number and Michigan Compiled Laws citation of the law to be referred.]*

The full text of the legislation to be referred appears on the reverse side of this petition.

**NOTE:** See Appendix VIII for full examples of petition sheets.

- 3. Instructions applicable to initiative petitions only:** Include the title of the law to be amended, its Public Act number, and the Michigan Compiled Laws citation(s) for the statute(s) to be amended. This information must be printed in 8- point type on the signature side of the petition sheet and on the reverse side (if applicable), after the summary. 1963 Const, art 4, § 24. In addition, the preface of the full text of the proposal must include the phrase, "The People of the State of Michigan enact:". 1963 Const, art 4, § 23.
- 4. Instructions applicable to constitutional amendment petitions only:** Identify and republish the provision(s) of the Michigan Constitution that would be altered or abrogated by the proposal if adopted. A petition proposing a constitutional amendment is required to include additional language if it "alters" or "abrogates" an existing provision of the constitution. MCL 168.482(3). The words, "Provisions of existing constitution altered or abrogated by the proposal if adopted" must be printed in 8-point type preceding the identification/citation of the provision(s) that would be so affected if the proposal is adopted. *Id.* Additionally, the full text of the provision(s) which would be altered or abrogated must be republished at length. 1963 Const, art 12, § 2, MCL 168.482(3).

A proposal is said to "alter" an existing provision only when the amendment would add to, delete from, or change the existing wording

of a provision of the Michigan Constitution. A proposed amendment would “abrogate” (eliminate) an existing provision if it would: first, render that provision or some discrete component of it wholly inoperative, a nullity; or second, become impossible for the proposed amendment to be harmonized with an existing provision of the Michigan Constitution when the proposed amendment and existing provision are read together.

- a. For a constitutional amendment petition that fits on a single-sided 8½ by 14-inch page, print the following in 8-point type after the summary: the full text of the proposed amendment, and if applicable, the “Provisions of existing constitution ...” clause with the full text of the provision(s) to be altered or abrogated by the proposal if adopted.
  - b. For a multi-page constitutional amendment petition, do all the following:
    - i. On the signature side of the sheet, beneath the summary, print in 8- point type the “Provisions of existing constitution ...” clause, and a statement instructing the signer to refer to the reverse side of the petition for the full text of the proposal and provisions of the existing constitution which would be altered or abrogated if it is adopted; and
    - ii. On the reverse side of the sheet, beneath the identification of petition type, print the summary in 12-point type, the full text of the proposed constitutional amendment in 8-point type, the “Provisions of existing constitution ...” clause in 8-point type, and republish the full text of the provisions that would be altered or abrogated by the proposal if adopted in 8-point type.
5. Instructions applicable to referendum petitions only: The **petition** must include the Public Act number and full text of the law to be referred. A petition to invoke the right of referendum must identify the legislation that is the subject of the referendum vote by its Public Act number. In addition, the full text of the law that is the subject of the petition must be printed in 8-point type.

***Best Practice: Sponsors of petitions to amend the Michigan Constitution are strongly encouraged to seek legal advice for***

*assistance in determining whether the identification and republication requirement applies to their proposals.*

## **G. Identification of county or city/township of circulation**

A petition to initiate legislation, refer legislation, or amend the Michigan Constitution may be circulated on a countywide or city/township form. Op Atty Gen No. 7310 (May 22, 2019). The following statement is printed immediately above the warning to petition signers (see below).

If circulating on a **countywide** form, the signature side of the petition must include the following statement in 8-point type:

We, the undersigned qualified and registered electors, residents in the county of \_\_\_\_\_, State of Michigan, respectively petition for (amendment to constitution) (initiation of legislation) (referendum of legislation).

If circulating on a **city/township** form, the signature side of the petition must include the following statement in 8-point type:

We, the undersigned qualified and registered electors, residents in the

City  
Township of } \_\_\_\_\_, state of Michigan, respectively petition for  
**STRIKE ONE**

(amendment to constitution) (initiation of legislation) (referendum of legislation).

Op Atty Gen No 7310 (May 22, 2019). Also note that under MCL 168.552a(1), "[n]otwithstanding any other provision of this act to the contrary, a petition or a signature is not invalid solely because the designation of city or township has not been made on the petition form if a city and an adjoining township have the same name."

## H. Warning to petition signers

A warning to the signers of the petition must be printed in 12-point boldface type, immediately above the signature lines. MCL 168.482(5).

**WARNING – A person who knowingly signs this petition more than once, signs a name other than his or her own, signs when not a qualified and registered elector, or sets opposite his or her signature on a petition, a date other than the actual date the signature was affixed, is violating the provisions of the Michigan election law.**

## I. Entry spaces for petition signers

On **countywide** petition forms, the entry spaces for signers must be presented in 8- point type as shown below:

SIGNATURE	PRINTED NAME	STREET ADDRESS OR RURAL ROUTE	CITY OR TOWNSHIP	ZIP CODE	DATE OF SIGNING		
					MO	DAY	YEAR
1.							

MCL 168.482(6); MCL 168.544c(1)-(2). Also note that under MCL 168.552a(2), “[n]otwithstanding any other provision of this act to the contrary, if a person who signs a petition uses his or her mailing address on the petition and that mailing address incorporates the political jurisdiction in which the person is registered to vote, that signature shall be counted if the signature is otherwise determined to be genuine and valid under this act.”

On **city/township** petition forms, the entry spaces for signers must be presented in 8- point type as shown below:

SIGNATURE	PRINTED NAME	STREET ADDRESS OR RURAL ROUTE	ZIP CODE	DATE OF SIGNING		
				MONTH	DAY	YEAR
1.						

The minimum number of signature lines is five (5) and the maximum number is fifteen (15). As any reduction in the number of *lines* provided for signers increases the number of *petition sheets* needed to satisfy the signature requirement, a minimum of five (5) lines is necessary to assure that the increased volume of petition sheets is not so great as to impede or delay the processing procedure.

## J. Certificate of circulator

The following statement shall be printed in 8-point type in the lower left-hand corner of the petition sheet. MCL 168.482(6); MCL 168.544c(1).

### CERTIFICATE OF CIRCULATOR

The undersigned circulator of the above petition asserts that he or she is 18 years of age or older and a United States citizen; that each signature on the petition was signed in his or her presence; that he or she has neither caused nor permitted a person to sign the petition more than once and has no knowledge of a person signing the petition more than once; and that, to his or her best knowledge and belief, each signature is the genuine signature of the person purporting to sign the petition, the person signing the petition was at the time of signing a registered elector of the city or township indicated preceding the signature, and the elector was qualified to sign the petition.

If the circulator is not a resident of Michigan, the circulator shall make a cross or check mark in the box provided, otherwise each signature on this petition sheet is invalid and the signatures will not be counted by a filing official. By making a cross or check mark in the box provided, the undersigned circulator asserts that he or she is not a resident of Michigan and agrees to accept the jurisdiction of this state for the purpose of any legal proceeding or hearing that concerns a petition sheet executed by the circulator and agrees that legal process served on the Secretary of State or a designated agent of the Secretary of State has the same effect as if personally served on the circulator.

***Best Practice: It is recommended that the check box be printed in boldface type to minimize the likelihood that an out-of-state circulator may inadvertently fail to make the selection.***

## K. Warning to circulator

A warning to the circulators of the petition must be printed in 12-point boldface type as specified below. MCL 168.482(6); MCL 168.544c(1). The warning must be placed in the lower left-hand corner of the sheet immediately beneath the circulator's statement.

**WARNING-- A circulator knowingly making a false statement in the above certificate, a person not a circulator who signs as a circulator, or a person who signs a name other than his or her own as circulator is guilty of a misdemeanor.**

## L. Instruction to circulator and space for circulator's signature and residential address

In the lower right-hand corner of the petition sheet, the following circulator instruction must be printed in 12-point boldface type:

**CIRCULATOR-- Do not sign or date certificate until after circulating petition.**

MCL 168.482(6); MCL 168.544c(1)-(2). Immediately beneath this instruction, the entry space for the petition circulator must be presented in 8-point type as shown below:

\_\_\_\_\_/\_\_\_\_\_/\_\_\_\_\_  
(Signature of Circulator) (Date)

\_\_\_\_\_  
(Printed Name of Circulator)

\_\_\_\_\_  
(Complete Residence Address (Street and Number or Rural Route)) Do not enter a post office box

\_\_\_\_\_  
(City or Township, State, Zip Code)

\_\_\_\_\_  
(County of Registration, if Registered to Vote, of a Circulator who is not a Resident of Michigan)

**M. Identification of petition sponsor**

The petition sheet must include, in 8-point type, the name and address of the person, group or organization paying for the printing of the petition form, preceded by the words: "Paid for with regulated funds by\_\_\_\_\_."  
MCL 169.247.

**N. Extension for instructional or promotional language**

During the circulation period, the petition may contain a detachable extension for optional instructional or promotional language. The extended portion of the sheet must be detached or otherwise removed prior to the filing of the petition. If a detachable stub or other type of petition sheet extension is used, the sponsor of the petition is solely responsible for the accuracy of the instructional and/or promotional language placed on the extension.

**O. Clarification of constitutional amendment, initiated legislation or referendum of legislation**

*Best Practice: For ease of readability, sponsors are encouraged to follow the strike/CAPS format for presenting amendatory*

*language. For example, if the petition offers a constitutional amendment which involves alterations to existing provisions of the State Constitution, the alterations may be presented by showing any language that would be added to the provision or provisions in capital letters and any language that would be deleted from the provision or provisions struck out with a line.*

*If the petition offers a legislative proposal or a referendum of legislation which involves alterations to existing provisions of Michigan law, the alterations may be presented by showing any language that would be added to the provision or provisions in capital letters and any language that would be deleted from the provision or provisions struck out with a line.*

## **P. Type size and font**

The statutes that govern the form of the petition mandate the use of specific type sizes. The *font* size indicated in some software programs does not always measure the same *type* size. Petition sponsors and printers must exercise caution to ensure that the printed type measures the type size required by law.

***Best Practice: Petition sponsors are strongly encouraged to utilize a sans serif font for readability purposes. Examples of such fonts are provided below.***

Arial (14-point type)

Microsoft Sans Serif (14-point type)

Tahoma (14-point type)

Verdana (14-point type)

## **Q. Printer's affidavit**

When submitting a statewide initiative, constitutional amendment or referendum petition to the Board of State Canvassers, sponsors must submit a printer's affidavit which details the type size and font use to make the petition. The printer's affidavit must be notarized. A sample printer's affidavit is attached in Appendix K.

## **R. Prescribed format for initiative, referendum and constitutional amendment petitions on countywide form**

Public Act 608 of 2018 eliminated the option for the sponsors of statewide ballot proposals to print and circulate countywide petition forms, and instead required the sponsors to use petition sheets circulated within a single congressional district. However, in *League of Women Voters v. Secretary of State*, the Michigan Supreme Court concluded that the elimination of the countywide petition form was unconstitutional and unenforceable, and that petition sponsors could choose whether to circulate petition sheets on a countywide or city/township basis.

The Michigan Election Law provides, "Petitions circulated countywide must be on a form prescribed by the secretary of state, which form must be substantially as provided in sections 482, 544a, or 544c, whichever is applicable." MCL 168.544d. Therefore, pursuant to her authority under MCL 168.544d to prescribe the format of a countywide petition form for initiative, referendum, and constitutional amendment petitions, the Secretary of State designates the following petition format as substantially compliant with the requirements of MCL 168.482:

- The format of the petition sheet must be arranged horizontally.
- If the full text of the constitutional amendment, legislative initiative or legislation being subjected to a referendum is too lengthy to be printed on a single petition sheet, the language of the proposal must be continued on a fold over extension on the same sheet of paper.
- If preparing a multi-page petition, the summary of the proposal's purpose must be reprinted in 12-point type on the reverse side of the petition sheet below the identification of petition type. Additionally, the signature side of the petition sheet must include an instruction for signers to refer to the reverse side for the full text of the proposal; this instruction is provided following the summary.

# IV. Nominating petition format requirements

## A. Filing requirements for Democratic and Republican party candidates

### *Partisan nominating petitions*

Democratic and Republican Party candidates who collect signatures to qualify for the following offices will use the Partisan Nominating Petition form:

- Governor
- U.S. Senate
- U.S. Representative in Congress
- State Senator
- State Representative

Two versions of the Partisan Nominating Petition form are available: A Countywide form, which must be circulated within a single county, and a City/Township form, which can only be circulated within a single city or township.

The heading of the petition must include the name of the county where the petition sheet will be circulated, the candidate's name, his or her street address/rural route and city or township, the candidate's political party, the name of the office sought (including the district number if applicable). Failure to complete the blanks renders the entire sheet invalid.

INSTRUCTIONS ON REVERSE SIDE

### NOMINATING PETITION (COUNTYWIDE PARTISAN)

\* The "Countywide" Partisan Petition form may be used by any partisan candidate. Exception: the form may not be used by a partisan candidate who seeks the office of County Commissioner; such candidates must use the "City/Township" Partisan Petition form.

We, the undersigned, registered and qualified voters of the County of \_\_\_\_\_ and State of Michigan, nominate \_\_\_\_\_  
(City or Township) as a candidate of the \_\_\_\_\_ Party for the office of \_\_\_\_\_  
to be voted for at the Primary Election to be held on the \_\_\_\_\_ day of \_\_\_\_\_, 20\_\_\_\_.

(Name of Candidate) (Street Address or Rural Route) (Title of Office/Term Expiration Date) (District, if any)

### *Filing fee option for State Senate, State House*

Democratic and Republican Party candidates seeking the office of State Senator or State Representative may pay a \$100.00 fee to their designated filing official in lieu of filing a Partisan Nominating Petition.

### *Designated filing official*

For the office of Governor and any Congressional or state legislative district that is composed of two or more counties, the [Affidavit of Identity](#) and Partisan Nominating Petitions or filing fee must be filed with the Secretary of State. Petitions filed by Democratic and Republican candidates seeking statewide office or election to a district office containing multiple counties are canvassed under the authority of the Board of State Canvassers (Board).

If a Congressional or state legislative district is wholly contained within a single county, the [Affidavit of Identity](#) and Partisan Nominating Petitions or filing fees must be filed with the County Clerk. Petitions are canvassed by the County Clerk.

### *Petition challenge process*

A sworn complaint or “challenge” claiming a candidate filed an insufficient number of valid signatures or alleging that a nominating petition suffers from a fatal defect may be submitted to the Board or County Clerk (as applicable) within 7 days of the filing deadline; the Board or Clerk is responsible for resolving any challenges and certifying qualified candidates to the ballot.

### *Filing deadlines*

See Election and Filing Dates-- 2024 Document for Filing Deadlines located in Appendix I.

### *Withdrawal*

Candidates are permitted to withdraw up until 4:00 pm on the third day after the filing deadline expires by filing a written statement with the appropriate filing official.

### *Candidates nominated by party convention*

Democratic and Republican Party candidates who seek the offices of Lieutenant Governor, Attorney General, Secretary of State, State Board of Education, UM Regent, MSU Trustee, WSU Governor and State Supreme Court Justice are nominated at the party’s fall state convention. Within one business day of the convention’s conclusion, the state central committee Chair and Secretary must certify the names and addresses of the nominees to the Secretary of State and file an [Affidavit of Identity](#) for each nominee.

### *Supreme Court Justice candidates only*

Non-incumbent candidates for Supreme Court Justice who are affiliated with the Democratic or Republican Parties do not file nominating or qualifying petitions. Please see the Manual: [Filing for Office: Judicial Elective Offices](#).

***Best practices for Democratic and Republican Candidates: Candidates are strongly encouraged to use the Partisan Nominating Petition (Countywide) form when filing for state-level offices.***

***Candidates are strongly encouraged to file a significant number of surplus signatures over the minimum required, as signatures may be found to be invalid during the petition canvass.***

***Candidates for the Michigan Legislature who pay the filing fee in lieu of filing nominating petitions cannot be challenged for filing insufficient signatures.***

**NOTE:** Comprehensive election dates and filing deadlines can be found on the document: Election Dates and Filing Deadlines - 2024 and also shown in Appendix A.

## **B. Filing requirements for minor party candidates**

*Ballot-eligible minor parties.*

The following minor political parties are eligible to nominate candidates for the November general election ballot:

- Libertarian Party
- US Taxpayers Party
- Green Party
- Working Class Party
- Natural Law Party

*No authority to file nominating petitions or filing fees*

Minor party candidates do not submit nominating petitions or pay filing fees to obtain ballot access. Instead, all minor parties nominate candidates at state party conventions or county caucuses and nominees are certified to the appropriate filing official by the Chair and Secretary of the party's state central committee. Minor party nominees must also file the [Affidavit of Identity](#) and [Certificate of Acceptance](#).

### *Filing official*

For statewide elective offices and any Congressional or state legislative districts that are composed of two or more counties, the [Affidavit of Identity](#) and [Certificate of Acceptance](#) must be filed with the Secretary of State, along with the state party Chair and Secretary's certification of the candidate's nomination.

If a Congressional, or State Senate or State House district is wholly contained within a single county, the [Affidavit of Identity](#) and [Certificate of Acceptance](#) must be filed with the County Clerk, in addition to the Chair and Secretary's certification of the candidate's nomination.

### *Filing deadline*

The filing deadline is 5:00 pm on the business day immediately following the conclusion of the state convention or county caucus for Libertarian, US Taxpayers, Green, Natural Law and Working Class Party candidates.

### *Withdrawal*

Michigan statute does not provide a method for withdrawing for minor party candidates for Governor, U.S. Senator, U.S. Congress, State Senate or State Representative.

Other minor party candidates are permitted to withdraw up until 4:00 pm on the third day after the filing deadline expires by filing a written statement with the appropriate filing official.

### *Election dates*

The names of qualified minor party candidates will appear on the general election ballot.

### *Write-in candidates*

Candidates without political party affiliation who wish to run as write-ins must file a [Write-In Candidate Declaration of Intent](#) form. Please see Appendix I, Election Dates and Filing Deadlines – 2024 for the filing deadline.

Statewide positions: **Nominating petitions filed for the office of Governor or U.S. Senator must be signed by at least 100 registered voters in each of at least ½ of the congressional districts in the state.** Similarly, a qualifying petition filed by a candidate without political party affiliation for the office of President, Governor, Secretary of State, Attorney General, U.S. Senator, State Board of Education, University of Michigan Regent, Michigan State University Trustee, Wayne State University Governor or Supreme Court Justice must be signed by at least 100 registered electors in each of at least ½ of the congressional districts in the state.

2. State Senate, State House and county level positions: Democratic and Republican candidates who seek the office of State Senator, the office of State Representative or a county office may file a \$100.00 fee in lieu of a nominating petition. The filing fee is nonrefundable.
3. County commissioner positions: The “population based” signature requirements listed in the above chart apply to candidates who seek the office of county commissioner. Candidates seeking the office of county commissioner may file a \$100.00 fee in lieu of a nominating petition. The filing fee is nonrefundable.

7. Community college trustee positions: In a community college district organized by an intermediate school district of over 1.5 million, the minimum number of valid signatures required is 250. A candidate may not file more than 500 signatures to cover the requirement. (MCL 389.83) In all other community college districts, the following signature requirements apply (MCL 389.152):
  - Community college district with less than 10,000 in population according to the most recent federal census: minimum of 6 signatures; maximum of 20 signatures. A \$100.00 nonrefundable fee may be filed in lieu of a nominating petition.
  - Community college district with 10,000 or more in population according to the most recent federal census: minimum of 40 signatures; maximum of 100 3 signatures. A \$100.00 nonrefundable fee may be filed in lieu of a nominating petition.

8. District library board positions: The following signature requirements apply to district library board candidates (MCL 397.181):

9. City library board positions, township library board positions and village library board positions: The following signature requirements apply to city, township and village library board candidates (MCL 397.211):
  - Jurisdiction with less than 10,000 in population: minimum of 6 signatures; maximum of 20 signatures. A \$100.00 nonrefundable fee may be filed in lieu of a nominating petition.
  - Jurisdiction with 10,000 or more in population: minimum of 40 signatures; maximum of 100 signatures. A \$100.00 nonrefundable fee may be filed in lieu of a nominating petition.
10. Qualifying petitions: All signatures submitted on a qualifying petition must have been collected within the preceding 180-day period; signatures which are dated more than 180 days prior to the date of the petition is filed are invalid.

# Appendix E: Procedure for evaluating petitions

## A. Validation of signatures by random sampling, challenge

### *Procedure*

In 1980, the Board of State Canvassers adopted a petition sampling procedure to evaluate the validity of ballot signatures. That process was reaffirmed in 1978. In 2022, the Bureau of Elections hired an outside firm to review the 1980 procedure, including the statistical methods and processes. That review found that the sampling process continues to be sound, but several changes could be made to improve efficiency and accuracy. The improvements recommended in the report are included in this manual, as well as the document: [Sampling Procedure for Canvassing Petitions](#). The random sampling process has also been implemented for statewide nominating and qualifying candidate petitions.

### *Sampling*

To canvass a petition, BOE staff utilize a single-step random sampling process. The selection of random signatures is completed utilizing specially designed software. The sample list is distributed for challenges pursuant to legal deadlines. The sample is made available in paper and electronically for Freedom of Information Act requests.

The sampled sheets are face reviewed to determine if a circulator error or problem with the sheet invalidates the entire sheet of signatures. Sample signatures on invalid sheets are considered invalid signatures.

Each sampled signature on valid sheets is then examined to confirm that the signatory is a person registered to vote in Michigan, that the signature on the petition sheet matches the signature contained in the Qualified Voter File (QVF), and that the entry does not contain a fatal defect (Appendix H: Signature Coding for full list of fatal defects.)

Signatures found to be invalid are reviewed a second time by another BOE staff member. Signatures challenged during the challenge period are reviewed by BOE staff.

Staff tally the number of valid/invalid sheets and valid/invalid signatures in the sample. A staff report is rafted for the Board of State Canvassers with statistical analysis and make a recommendation whether to approve or deny the petition for placement on the ballot.

## **B. Petition sheet validity**

Imperfections in the petition sheet heading, certificate of circulator, or body of the petition sheet may jeopardize the validity of signatures appearing on the sheet.

### *Defects in the petition heading which render an entire sheet invalid.*

A petition sheet is invalid if it contains one or more of the following defects in the heading:

- The county of circulation is omitted.
- Two or more counties or a county not located in Michigan are listed.
- Required information concerning candidate or office sought omitted, including the candidate's name, residence address, party affiliation or indication of no party affiliation, the office sought, and the district served by the office (if any).

Note: In addition, candidates seeking judicial offices must follow the instructions for completing the heading that are printed on the reverse side of the Nominating Petition (Countywide Nonpartisan) form.

### *Defects in the certificate of circulator which render an entire sheet invalid.*

A petition sheet is invalid if it contains one or more of the following defects in the circulator's certificate:

- The petition sheet is not signed by the circulator or is signed by more than one circulator.
- The circulator's date of signing is omitted, incomplete or earlier than the date entered by every petition signer.

**Note:** The petition sheet is invalid if the circulator merely prints his or her name and fails to sign the petition.

- The circulator’s residence address is omitted, incomplete or includes a P.O. Box in place of a street address or rural route.
- Attention nonresident petition circulators: A petition sheet is invalid if the circulator is not a Michigan resident and fails to mark the nonresident box in the certificate of circulator.

**Note:** The circulator’s failure to include the correct zip code, by itself, is not a fatal defect.

*Other fatal defects that render an entire petition sheet invalid.*

- Damaged, mutilated or torn petition sheets where any of the mandatory elements (heading, warning statements, circulator certificate, signer entries) are illegible or omitted.
- Sheets where any of the mandatory elements (heading, warning statements, circulator certificate, signer entries) are obscured or covered by white-out, permanent marker, stickers or other opaque material.

*Acceptable sheet variations*

The following variations will not cause an entire petition sheet to be rejected:

- For all offices except certain judicial offices, the failure to include the “Term Expiration Date” does not render a petition sheet invalid if the filing official can ascertain which position the candidate is seeking. For example, if a candidate is seeking nomination or election to the office of County Clerk, the candidate is not required to include the “Term Expiration Date” because there is only one position to be elected. If there are multiple positions available with different term ending dates, the candidate should include the “Term Expiration Date.”
- The circulator’s signature is illegible.
- The circulator prints their name in space provided for the signature and signs in the space for printed name.
- The circulator omits their printed name.
- The circulator enters their cursive signature in space provided for printed name.
- The circulator omits their zip code or enters an incorrect zip code.

- An out-of-state circulator omits the county of registration.
- The circulator is a resident of Michigan and inadvertently checks the out-of-state circulator checkbox and/or writes the name of the Michigan county where he or she is registered to vote.

## C. Validity of individual signatures

A signature entry is valid if the voter signs the petition and prints his or her street address or rural route, city or township where registered to vote, and date of signing. (The signer's omission of his or her printed name or zip code is an acceptable variation.) Filing officials use the code "R" (registered) for valid entries. A signature is invalid if it contains one or more of the defects or omissions. The codes used to mark defects and omissions on petition sheets are shown in Appendix H.

### *Acceptable signature entries*

The following variations are acceptable and will not result in the rejection of an individual signature:

- The signature includes one or more of the signer's initials plus his or her last name. Acceptable entries include but are not limited to: J. Smith; J.B. Smith; Mrs. J. Jones; A. John Doe.
- The signature is illegible.<sup>1</sup>
- All of the following variations are acceptable: The signer prints his or her name in space provided for the signature and signs in the space for printed name; signer omits his or her printed name; signer enters his or her cursive signature in space provided for printed name.

**Note:** A signature is invalid if the signer merely prints his or her name in the space provided for printed name yet fails to sign the petition, and the signature on file is a cursive signature.

- The signer is unable to sign his or her name and uses a signature stamp (instead of a pen-and-ink signature).
- The signer enters ditto marks in the space(s) provided for address, city or township, zip code or date of signing.

---

<sup>1</sup> Note, however, that if *all* of the personally identifiable information in the petition entry is illegible and cannot be validated (signature, printed name, address, city or township), the signature may be coded as invalid.

- On the date of signing, the signer was registered to vote in the city or township indicated but at a different street address within the same city or township.
- The signer writes the community’s name appearing in his or her “postal address”<sup>2</sup> in the space for city or township of registration.
- The signer omits his or her zip code or enters an incorrect zip code.
- The signer writes the name of a village or unincorporated place in the space for city or township of registration.

**Example 1:** Individuals who are registered to vote in Genesee Township, Richfield Township and Vienna Township have a Mt. Morris postal address. When signing a countywide petition, these voters may write the name of the township where they are registered to vote or Mt. Morris in the “City or Township” column of the petition sheet, and either entry is valid.

**Example 2:** Parts of Texas Township are served by the Kalamazoo post office (zip code 49001) while other parts of the township are served by the Mattawan post office (zip code 49071). If a Texas Township registrant writes “Kalamazoo” in the city or township column but his or her postal address is Mattawan, the entry is invalid.

**Example 3:** A signature is valid if the signer provides the name of an unincorporated place in the place for city or township of registration, and the signer is registered to vote in the township containing that unincorporated place. Examples of unincorporated places include but are not limited to: Hemlock (Saginaw County), Kincheloe (Chippewa County), Lambertville (Monroe County), Okemos (Ingham County), Union Lake (Oakland County), and Walloon Lake (Charlevoix County).

## D. Jurisdiction name variations

Abbreviations for jurisdiction names are acceptable if the abbreviation reasonably corresponds to the name of the appropriate city, township, local

---

<sup>2</sup> The term “postal address” refers to the name of the local post office. In some instances, the post office name will correspond to the name of the person’s city or township, but in other cases, the post office name differs. As a result, the jurisdiction written on the petition may not always correspond to the name of the city or township where the signer is registered to vote. See [Usps.com](https://usps.com) for a list of local post offices by state.

post office, unincorporated place, or village. Examples of commonly used abbreviations are listed in Appendix VII.

## E. Signature verification

Circulators should encourage voters to sign petitions in a way that reasonably resembles the signature given for driver's license/state ID or voter registration purposes, but it is not necessary for the voter's signature to perfectly match the signature on file. Filing officials must perform their signature verification duties beginning with the presumption that a voter's petition signature is his or her genuine signature, as there are numerous legitimate reasons that may explain an apparent mismatch:

- Petition signatures are often written on a clipboard, which may cause the signature to appear more slanted or less precise than the signature on file, or cause breaks or pauses in a cursive signature.
- Petition signatures (or voter registration or pin-pad signatures collected during the driver's license/state ID application process) could have been written in haste.
- A medical condition or advancing age may cause the signature to be different.
- The electronic signature on file may be smaller or larger than the signature given on a petition sheet.
- The signature may have been written using a pen with a finer tip or one with fading ink as compared to the signature on file.

None of these differences will result in the invalidation of the petition signature. **If there are redeeming qualities in the petition signature as compared to the signature on file, the filing official should treat the signature as valid.** Redeeming qualities may include but are not limited to similar distinctive flourishes, more matching features than nonmatching features, and Examples 1-5 below.

A voter's signature should be considered questionable only if it differs insignificant and obvious respects from the signature on file; see Examples 6-7 below. Slight dissimilarities should be resolved in favor of the voter whenever possible.

#	Petition Signature Verification Examples	Recommended Result
1.	Signature appears as if voter's hand is trembling or shaking, possibly due to a health condition or advancing age: <i>Catherine Metzger</i> versus 	Valid signature
2.	Only part of the signature matches the signature on file such as only the first letters of the first and last name match, but rest of signature does not match: <i>J. D.</i> versus <i>Jane Doe</i> <i>J. Doe</i> versus <i>Jane Doe</i>	Valid signature
3.	Signature is partially printed but at the same time, partially matches the signature on file: <i>Alice Robinson</i> versus <i>Alice Robinson</i>	Valid signature
4.	Signature is a recognized diminutive of the voter's full legal name: <i>Bill Smith</i> versus <i>William Smith</i>	Valid signature
5.	Signature style has changed slightly over time: <i>Lucinda Jones</i> versus <i>Lucinda Jones</i>	Valid signature
6.	Signature is entirely printed but signature on file is entirely written in cursive: JAMES DAVIS versus <i>James Davis</i>	Questionable signature
7.	Signature differs in multiple, significant and obvious respects: <i>John Hancock</i> vs 	Questionable signature
	 vs. 	Questionable signature

# Appendix F: Board of State Canvassers petition review

## *Initiative to create new or amend existing legislation:*

The Board of State Canvassers is required to “make an official declaration of the sufficiency or insufficiency of an initiative petition no later than 100 days before the election at which the proposal is to be submitted.” MCL 168.477(1). If the Board of State Canvassers determines that the petition contains enough valid signatures, the state legislature has 40 session days to adopt or reject the proposal; the legislature’s failure to enact the proposed initiated law results in the proposal’s placement on the ballot at the next statewide general election. Article 2, § 9 further provides: “The legislature may reject any measure so proposed by initiative petition and propose a different measure upon the same subject ... and in such event both measures shall be submitted ... to the electors for approval or rejection at the next general election.”

If a majority of the votes cast are in favor of the proposed initiated law and/or any alternative proposal placed on the ballot by the legislature, the measure goes into effect. The Michigan Constitution states: “If two or more measures approved by the electors at the same election conflict, that receiving the highest affirmative vote shall prevail.” 1963 Const, art 2, § 9. Initiated laws become effective ten days after the date the Board of State Canvassers certifies the official election results. *Id.*

## *Initiative to amend the state constitution.*

The Board of State Canvassers must make an official determination regarding the sufficiency or insufficiency of a petition to amend the Michigan Constitution “at least 2 months before the election at which the proposal is to be submitted.” MCL 168.477. If the petition is determined by the Board of State Canvassers to contain enough valid signatures, the proposed amendment is placed on ballot at the next statewide general election. 1963 Const, art 12, § 2. If approved by a majority of voters voting on the question, the proposed constitutional amendment goes into effect 45 days following the date of the election at which it was approved. *Id.*

## *Referendum on legislation*

The Board of State Canvassers is required to “complete the canvass of a referendum petition within 60 days after the petition is filed with the Secretary of State, except that 1 15-day extension may be granted by the

Secretary of State if necessary to complete the canvass.” MCL 168.477(2). If the petition contains enough valid signatures as determined by the Board of State Canvassers, the implementation of the law involved is suspended pending the placement of the law on the ballot at the next statewide general election; a majority vote determines whether the law goes into effect. 1963 Const, art 2, § 9, MCL 168.477(2).

### *Challenge process*

Nominating and qualifying petitions must be timely filed with the filing official designated by law to accept filings for the elective office sought. Petitions are canvassed by the designated filing official or, in the case of many federal, state and judicial offices, under the authority of the Board of State Canvassers.

A sworn complaint (challenge) alleging that the nominating or qualifying petition contains an insufficient number of valid signatures or is otherwise defective may be submitted to the appropriate filing official within 7 days of the filing deadline. Challenges are resolved by the filing official or in the case of many federal, state and judicial offices, are decided by the Board of State Canvassers.

# Appendix G: Circulator best practices

## A: Circulators

Train your petition circulators, whether they are paid or volunteer circulators. Informing petition circulators of the requirements described in this publication can minimize the likelihood that whole petition sheets and individual signatures are rejected. Errors may be averted if circulators take the following actions:

- Write the name of the county of circulation in the heading of the petition.
- Ask potential signers whether they are registered to vote.
- Instruct signers to provide their street address or rural route where indicated; a P.O. Box is invalid.
- Remind signers to write the date of signing, not their date of birth.
- Review each signer's entry for completeness. If information is omitted, ask the signer to fill in the blank(s).
- Encourage signers to sign in a way that reasonably resembles the signature given for driver's license or voter registration purposes. It is not necessary for the signer's petition signature to be a perfect match with the signature on file. See "Signature Verification" above.
- Once circulation of a petition sheet is complete, ensure that the circulator signs and dates the certificate of circulator and provides the required information. If the circulator is not a Michigan resident, he or she must also check the nonresident box in the bottom left corner of the petition sheet and write the name of the county where registered to vote, if any.

**If hiring paid circulators, petition sponsors and candidates should research circulator companies and check their work.** Candidates and petition sponsors should be sure they are hiring reputable companies or circulators that will collect and submit valid signatures as required by law. Petition sponsors and circulators should review petition sheets collected by circulators periodically during the collection period to ensure valid signatures are being collected and all required components are accurately completed to maintain signature and petition sheet validity.

## **B: Crossing county lines**

**Exercise care when circulating in or near cities and villages that cross county lines.**

Several cities and villages in Michigan overlap county boundary lines. When obtaining a signature from a voter who is registered in a city or village that crosses county boundaries, make sure the voter signs the petition sheet that aligns with the signer's county of registration.

## **C: Quality control**

**Implement a quality control process before filing the petition.**

Candidates are strongly encouraged to obtain a copy of the Qualified Voter File (QVF) for pre-filing verification purposes. Any petition signatures found to be invalid during the quality control process (i.e., because the street address or date is omitted) can be crossed out prior to filing; crossed out signatures are excluded when determining the maximum number of signatures filed.

**Review all petition sheets prior to filing** for completeness, especially the name of the county of circulation and the certificate of circulator.

**File enough signatures.** Candidates are strongly encouraged to gather and file substantially more signatures than the minimum number required. The number of excess signatures needed will vary depending on the vigorousness of the candidate's quality control process. Even if the petition has been verified by a professional signature gathering firm prior to filing, note that (1) A challenge may be filed against the sufficiency of the nominating or qualifying petition, and (2) There is a likelihood that some signatures or whole petition sheets may be found to be invalid during the canvass process. However, note that there is an upper limit on the maximum number of signatures that may be filed; see MCL 168.544f for further information.

**Note:** The information in this brochure is offered as a summary of the provisions governing the validity of petition signatures; it is not a complete description or interpretation of all pertinent laws. Questions may be addressed to: [MDOS-file-canvass@Michigan.gov](mailto:MDOS-file-canvass@Michigan.gov).

## **D: Facilitating efficient review**

**Submitting petition signatures to facilitate efficient review.** The Michigan Board of State Canvassers is responsible for canvassing petitions to

determine whether a petition has sufficient valid signatures for placement on the ballot. The Michigan Bureau of Elections (BOE) supports the Board in this responsibility by reviewing petition signatures and producing a staff report for the Board's review. The thorough review of petition signatures is a labor intensive and time-consuming process requiring as many as 1,900 personnel hours to sort, review, number, count and review the sample for a single petition.

The guidance below is offered to aid petition filers in submitting petition signatures to streamline the review process for placement before the BSC for determination.

- All petition sheets should be unfolded, flattened, and neatly organized.
- If petition sheets contain tear-off sections, tear-off sections should be completely removed prior to submission.
- All petition sheets should be sorted by number of signatures per sheet.
- All petition sheets should be sorted into bundles, with consistent numbers of sheets per bundle easily combined into a bundle of 100; for example, 25 or 50 per bundle.
- All bundles should be sorted into boxes, with a consistent number of bundles per box.
- Each box should include cover sheets containing estimates of the number of signatures and pages per box.
- Petition filers should cross out signatures (using a single strikethrough line with a ballpoint pen) and remove wholly invalid signature sheets it has identified prior to submission.

Note: The BOE cannot provide a specific estimate on how long it will take complete each canvass. These timelines are also affected by staff availability and other responsibilities.
